

## National Apprenticeship Week 2018

As an organisation, Sugarman is proud to support the Apprenticeship scheme. To celebrate National Apprenticeship Week 2018, we want to introduce you to some of our shining star Apprentices. Meet Nathaniel from our Manchester Branch...

**"I started my apprenticeship in 2014, this was a Business Administration Apprenticeship which then changed to Apprentice Resourcer.**

**My job at Sugarman is currently Payroll Officer and Resourcer, but I have recently been promoted to Senior Resourcer to look after the team of resources here in the Manchester branch.**

**I have progressed whilst being with Sugarman by starting of as an Apprentice, then becoming a Resourcer, then I also took on branch payroll as well as me doing resourcing and I have just recently been promoted.**

**I love my job as I love talking to candidates and finding out what they want/need for them to be able to work the hours they want; it makes me happy when the candidate is placed in the role they wanted.**

**The best thing about my Apprenticeship was I had the support from my colleagues as well as my tutor who I could contact 7 days a week if i needed any help with my coursework, also I was earning whilst learning.**

**An Apprenticeship worked well for me as I was earning money as well as gaining the relevant experience and knowledge needed for the job role I am in today.**

**I hope in the near future I can further my experience and knowledge within this sector and maybe take the consultant route or become a manager."**
